

Research Paper Structure

Formatting requirements: Use Times New Roman, 12-point font, with 1.5 line spacing throughout the manuscript.

- 1. Title:** The title must be provided in both Arabic and English and must contain fewer than 20 words.
- 2. Authors' Names:** Provide the authors' names in Arabic and English without academic titles, and include each author's ORCID iD.
- 3. Author Affiliations:** List each author's affiliation in the following order: Department – College – University – Country.
- 4. Corresponding Author's Email:** Provide the email address of the corresponding author.
- 5. Abstract:** The abstract must contain 150–250 words and be written as a single paragraph, not multiple paragraphs.
- 6. Keywords:** Provide 4–6 keywords.
- 7. Introduction**
- 8. Materials and Methods (Research Methodology):** Medical research must include approval from a research ethics committee.
- 9. Results and Discussion:** The structure of this section differs according to the type of research, as outlined below.

Humanities Research	Scientific Research
Organize the discussion into numbered sections, beginning with Section One , followed by Section Two , and so on.	Use the Results and Discussion section.

- 10. Conclusions and Recommendations**
- 11. Conflict of Interest:** Declare any conflicts of interest.
- 12. Acknowledgments**
- 13. References:** References must follow APA style. A DOI must be provided for each reference. All references must be written in English, regardless of the language of the manuscript.
- 14. Similarity and AI-Detection Reports:** After peer review and completion of the revisions requested by the reviewers, the author must obtain an authenticated similarity report from a university or official college. The electronic similarity report and the AI-detection report must be attached. The journal does not accept manuscripts with a similarity score exceeding 20%.
